

Round Up Savings Enrollment

Turn Small Change into Big Bucks

THE WHY

Do you come home at the end of the day and empty all the change from your pockets? Now you can enroll in Peach State's Round Up Savings Program and let your Debit Card Round-up take care of that for you. Watch your Savings Account fill-up without filling your jars, car ashtrays or pockets.

HOW

When you make a purchase with your Peach State FCU VISA® Debit Card, the transaction is rounded up to the nearest whole dollar amount. The difference is then transferred to your Round Up Savings Account. Simply use your Debit Card throughout the day, and we'll collect all that loose change and automatically transfer it into the savings account for you at the end of the day. It's that easy!

WHEN

Your Round Up Savings will not be visible immediately after making a purchase because they are calculated on a **daily** basis for all of the Debit Card purchases you made that business day. You will see them on your account as a single transfer from your Checking Account to your Round Up Savings Account that evening. If the funds are not available in your Checking Account, no money will be transferred.

- Yes, set up my Checking Account up for Round Up Savings. I understand a new savings account will be opened for this service.
- I am aware that my request will be active until I notify Peach State FCU to stop the automatic transfer.
